EXPERIENCE

Nubis Operations | Product Designer

04/2023 - Present

- Redesigned the scheduling and exception-management workflow for a logistics platform, reducing the steps required for common cases from nine to six.
- Planned and moderated interviews, contextual sessions and usability tests with operations managers; findings shaped a clearer permissions model and bulk actions.
- Established reusable Figma patterns and documentation with engineering, improving consistency across three product squads.

Tech: Figma, FigJam, Maze, Dovetail, Amplitude, Jira

LatticeWorks | Product Designer

01/2021 - 03/2023

- Designed reporting and approval flows for a B2B procurement product used by finance and purchasing teams across Europe.
- Turned research with 18 customers into an information architecture that made invoices, approvals and exceptions easier to find.
- Introduced lightweight design critiques and handoff templates, shortening clarification cycles during implementation.

Tech: Figma, FigJam, Optimal Workshop, Looker, Notion, Jira

Brújula Digital | UX/UI Designer

09/2019 - 12/2020

- Created responsive interfaces and clickable prototypes for SaaS clients, balancing user needs with technical constraints.
- Supported discovery workshops, competitor reviews and moderated usability tests for two early-stage products.

Tech: Sketch, Figma, InVision, Hotjar, Adobe Illustrator
