## PROFILE

Senior iOS developer with 8+ years of commercial experience and 2 years in team leadership. Delivered products end-to-end - from requirements and architecture to automated releases, testing, analytics and CI/CD. Strong expertise in reactive programming, declarative UI, low-level graphics and on-device ML; contributor to RxSwift and TCA.

## CORE SKILLS

iOS: Swift, Objective-C, SwiftUI, UIKit, Combine, RxSwift/RxCocoa, Core Data, Realm, MVVM, MVI, TCA, ARKit, SceneKit, Metal, MPS, Vision, CoreML, XCTest, XCUITest, AVFoundation, Core Animation, Core Graphics  
Tooling: Fastlane, CocoaPods, SPM, SwiftLint, Sourcery, TeamCity, Git, Jira, Figma Other: C++17, web3

## EXPERIENCE

### AUTODESK | iOS Developer 04/2022 - Present

- Reduced average response time for customer-reported issues to under 4 hours as an on-call engineer.
- Expanded the unit-test suite from 3,688 to 4,104 and increased crash-free users from 87.6% to 94.2%.
- Delivered offline mode, increasing average user session duration by 17%.

Tech: UIKit, SwiftUI, RxSwift/RxCocoa, Realm, MVVM, XCTest, XCUITest

### GLOVO | iOS Developer 04/2021 - 04/2022

- Reduced failed payments from 8% to 4% within the payment experience squad.
- Led cross-functional Apple Pay delivery; reached 23.4% adoption in one month and helped raise the App Store rating from 4.3 to 4.5.
- Added UI tests to the release pipeline, reducing UI defects by 7%.

Tech: UIKit, SwiftUI, ReactiveKit, SnapKit, PassKit, XCTest, XCUITest, Fastlane

### CRISALIX | iOS Developer 02/2020 - 04/2021

- Built a real-time offline AR experience powered by CoreML for visualizing procedure outcomes.
- Optimized Metal shaders to raise frame rate from 28 to 44 FPS.
- Created a shared C++ core for iOS and Android, shortening development by approximately 3 months.

Tech: UIKit, ARKit, SceneKit, CoreML, Core Graphics, C++14, Metal, MPS

Earlier experience: Apple (10/2018 - 02/2020) · Zerion (02/2019 - 09/2020) · Scal.io (08/2017 - 02/2019) · EPAM (02/2015 - 08/2017)

## EDUCATION

Peter the Great St. Petersburg Polytechnic University - MSc, Software Product Development & Maintenance, 2018-2020  
Peter the Great St. Petersburg Polytechnic University - BSc, Computer Science, 2014-2018
